| King size | 1830(W) x 2030(L) x 375(H) |
| Queen size | 1530(W) x 2030(L) x 375(H) |

key features

Soft knit stretch fabric

Firm foam- provides additional support for sleepers who prefer a bed that gives support whilst maintaining proper spinal posture as you rest.

Coconut fiber- adds firmness to the mattress.

Isolated pad- blocks out any noise generated from the metal springs rubbing against each other.

Bonnell springs- a very firm interconnected spring system to provide sturdy support. Bonnell springs are heat tempered for added strength, durability and resilience, ensuring that the springs will continually return to their original height after regular compression.
