key features

Quilting- 100% polyester knit stretch fabric + 100% wool + convoluted foam for resilience and lasting comfort.

Gel visco- is natural latex infused with cooling gel substance that will offer better heat dissipation and breathability.

Latex- natural latex is inherently anti-bacterial and anti-microbial, ideal for asthma or allergy sufferers. It follows the contours of the body, providing correct support and superior comfort.

Isolated pad- blocks out any noise generated from the metal springs rubbing against each other.

Pocket springs- individually wrapped springs which offer individual support & significantly minimise the disturbance from a partner.

Encased edge support- gives extended sleep surface and a firmer seating edge using higher density foam.
