

Platinum Support

The premium Platinum Support mattress features a euro top, 5 zones of individually wrapped pocket springs, gel visco, charcoal foam & encased edge support for a dreamy night's sleep.

dimensions (mm)

King size 1830(W) x 2030(L) x 318(H)

Queen size 1530(W) x 2030(L) x 318(H)

key features

Quilting- thick tencel fabric (which is super soft & breathable) + convoluted foam for resilience and lasting comfort.

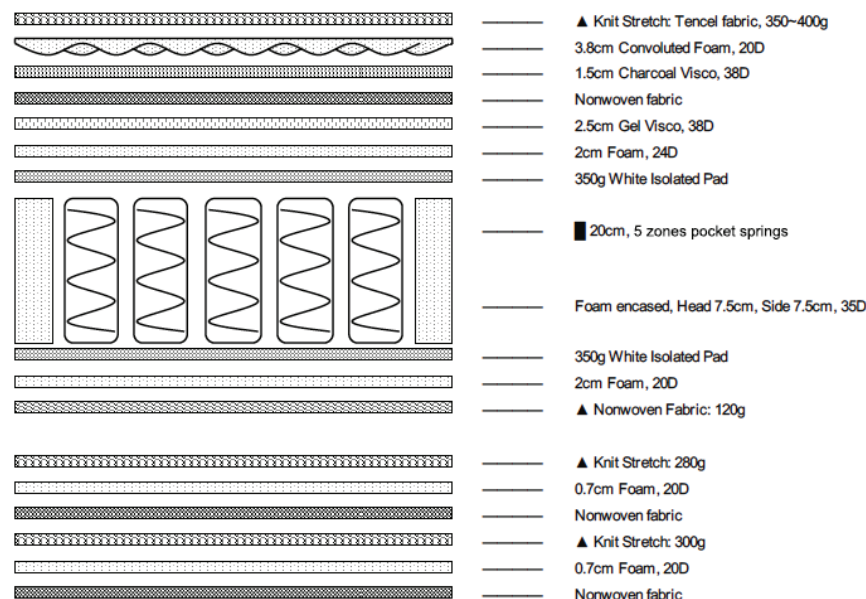

Euro top- an extra layer of comfort which covers the entire surface of the mattress top and is flush with each side of the mattress so it looks more like part of the bed.

Gel visco- is designed to mould to the shape of your body to ensure correct spinal support & remove pressure from shoulders & hips. Also has cooling gel infused into the foam to moderate temperature whilst sleeping.

Charcoal foam- antibacterial & antimicrobial. Adds freshness & helps reduce odours.

Pocket springs- 1300 individually wrapped springs offer balanced support & significantly minimise the disturbance from a partner. Springs are separated into 5 zones with variable tension for weight distribution & spinal support.

Foam boxed edge support- firm polyurethane foam is used around pocket springs to provide edge support around the complete mattress whilst sitting or sleeping.
